Call for Proposals for Concordia University's Library Research Forum 2024 (Deadline: January 26, 2024)

About

Presentation and poster proposals are now being accepted for Concordia University's 22nd Library Research Forum. This year's Research Forum will be a two-day hybrid event, with presentations taking place virtually on Zoom on Tuesday, April 16, 2024, and presentations and posters taking place in person at Concordia University's Loyola Campus on Wednesday, April 17, 2024.

The annual Research Forum provides an opportunity for librarians, archivists, graduate students, teaching faculty, and information professionals to describe and promote their completed or in-progress research, practical case studies or projects. The Forum also provides a venue for researchers to seek suggestions for enhancing their research interests, to identify potential new partners for projects, to test the effectiveness of their undertakings, and to promote research in academic libraries. Registration is free.

This year's plenary speaker will be Aaron Johnson, Principal Investigator at Concordia's Vision Lab and Associate Dean for Research and Infrastructure in Concordia's Faculty of Arts and Science, as well as Resident Researcher at the *Centre de recherche interdisciplinaire en réadaptation du Montréal métropolitain* (CRIR), whose research in human vision spans a range of areas from low-level computational models of vision, to applied research in the fields of marketing, aviation, and low-vision rehabilitation.

Themes

Proposals are invited on research or case studies in **any area of Library and Information Science**, including but *not limited to*:

Old, new, and hybrid technologies
Social justice
Decolonization and indigenization
Universal design and accessibility
Community engagement and outreach
Scholarly communication and publishing
Assessment and impact
Digital and information literacy
Special collections and preservation

Session Formats

- Virtual Presentation – A 20-min formal presentation hosted on Zoom followed by a 10-min Q&A

- In-person Presentation – A 20-min formal presentation taking place onsite at Concordia's Loyola Campus followed by a 10-min Q&A

- In-person Poster – A visual summary of the project to be presented onsite at Concordia's Loyola Campus

Language

Presentations and posters can be in English or French.

Submission

Fill out this form to submit. **Deadline**: January 26, 2024
The Committee will notify presenters who are selected by February 24, 2024
